The Nacozari Consolidated Copper Co.

The property of the Nacozari Consolidated joins with the great Pilares Mine in Sonora. The ore body on which the Pilares Mine is working is the largest copper ore body known to exist on the American continent. This ore body extends in a southeasterly direction from Pilares, and the Nacozari Consolidated has over fifty acres of ground located on this extension. Nine parallel veins of lead-silver ore, junctioning with the big copper ore body, give to the Nacozari Consolidated an almost unlimited amount of ore to be developed.

A tunnel, already in 650 feet, will cut the first of these silver veins at a depth of about 350 feet, and this same tunnel will ultimately cut the copper ore at a depth of over 800 feet below the surface. Work is being pushed as fast as possible, and it will be only a short time until the property is self supporting.

In order to install machinery for the much quicker development of the property, the company offers a small amount of its treasury stock for sale at \$1.00 a share. Only five thousand shares will be sold at this price and they will not last long.

The company is without indebtedness, has absolute titles to its 165 acres of ground, and all the money received from the sale of its stock goes toward the development of the property. The company's stock will soon be off the market and that of the stockholders will be greatly enhanced over the present price.

ELKS PLAN PROGRAM OF SPORTS WEDNESDAY

WILL PRESENT VARIOUS EVENTS
IN WHICH MEMBERS WILL
PARTICIPATE.

Leeper and Whitney Will Continue
Race Begun On Central
Avenue.

Not the least interesting feature of Wednesday's program at the territorial fair will be that portion to be furnished by the local lodge of Elks in which only members of the order will participate. The committee appointed at a meeting last Thursday evening has arranged a series of sports, which are bound to please as well as amuse.

The first number in which Elks will participate will be the burro sulky race in which three entries have already been made with Frank DeSouza, George Driscoll and Paul Engles as drivers.

In the fat man's foot race there have been six entries including Al Galpin, Fred Tribolet, Joe Melzer, W. H. Plunkett, Emil Ganz, W. E. Jacquith. The entries are still open.

The burro race will be participated in by George Mintz, Sam Easterling, George Short, George Kirkland, "Frenchy" Vieux, and several other noted riders of the Salt River Valley. In addition there will be the lean man's race in which entries will be made on the day and at the hour of the race.

The feature of the day will be the completion of the race between Tom Whitney and Fred Leeper begun some week ago on North Central avenue. At that time adjournment was taken at the earnest solicitation of Motorcycle Policeman Jerry Thompson who implored Whitney and Leeper to tell their story to Judge Johnstone in police court. Judge Johnstone wouldn't trust himself alone in the courtroom the next day with Leeper and Whitney and continued the case on the nonappearance of Officer Thompson

SURROUNDING TOWNS AFFILIATE WITH OWLS

Order Will Have Large Local Membership When Fully Organized.

Unusual interest is being taken in Phoenix the past few weeks in the affairs of fraternal orders and it seems to have become quite the fad to join lodges, or, if already a lodgemember, to work for the increase of membership in the order with which one is identified. The most remarkable instance of good work along these lines appears in the announcement that A. S. Barrett, organizer for the Order of Owls, has secured something over 100 applications for charter membership in the Nest which is to be organized in Phoenix, November 17.

The organization of a Nest of Owls in Phoenix will probably mean that this city will become the Arizona headquarters for that order. Applicants for membership in the order from Prescott, Mesa, Tempe and other nearby points will for the present be affiliated with the Phoenix Nest. Later it is expected that Nests will be organized in these places.

The institution of the Phoenix Nest will be made in the evening of November 17, in the Knights of Pythias hall, and it is probable that a portion of the applicants for charter membership will be initiated by the other members under the direction of Organizer Barrett. This initiation will be followed by a smoker and a social hour.

IMPORTANT EVENT FOR MUSIC LOVERS

Faculty Recital at the Arizona School of Music Wednesday Evening.

One of the pleasantest events of the week will be the recital to be given Wednesday evening at the Arizona School of Music, by members of the faculty of that institution, for the benefit of the Associated Charities.

Prof. Dufferin Rutherford, Prof. C. A. Townner and Prof. Frank Lloyd Stuchal, heads respectively of the vocal, piano and violin departments, will take part. Miss Gertrude Trump, also of the faculty, will be accompanist for several numbers. Fine discrimination has been used

in the arrangement of the program. Old favorites as well as the best new music are included.

Visitors to the fair who like really good music will do well to hear this recital. All proceeds above expenses will go to the Associated Charities, which is in need of money to carry out its plan of district nursing, which has been a great blessing to so many poor people. To out of town visitors it should be stated that the work of the association is not confined to Phoenix but extends to many other parts of the territory.

MAJESTIC

"In Gay Paree" is the new bill to be presented tonight at the Majestic theater. It may be said that this show is no relation to the Nat Reiss Carnival Co.

Willis West says that it is one of the cleverest little comedies in his repertoire, and Phoenix theatergoers know that they can just about bank on what Willis tells them. There are to be a number of unusually fine musical numbers, while the scenery, costumes and stage effects will be up to the Majestic's high standard.

Wednesday night the Majestic company will appear for the first time in the Elks' theater, of which Doc Echlin will hereafter be manager.

DE LA GENESTE.

That mysterious, magnetic man, De la Geneste, did not make his last appearance before a Phoenix audience last night. He has leased the Majestic theater for Wednesday, Thursday, Friday, Saturday and Sunday nights.

For several nights De la Geneste has been giving a hypnotic show at the Majestic, just prior to the musical comedy performance. But Doc Echlin is moving his company over to the Elks' Wednesday night and the professor decided to give a show entirely his own for a few nights. He was encouraged to do this by the great interest evinced in his hypnotic work at the Majestic and his feats of legdormain, as well as his handcuff work, at the Coliseum.

At the Majestic he will present a full "hypno-magic" show, doing both hypnotism and magic. He will also give spiritualistic demonstrations.

STUDENT AND WORSHIPER.

Sometimes the birds and brooks and bees
Are more to me than human kind;
I take my gospels from the trees,
My litanies from the wind.

I flee the pave where traffic roars;
I flee the proudly pillared nave;
For me the mead's sun-dappled floors,
The pine tree's organ stave!

Formality I'd fain forget,
The churchman's text, the scolastic's rule;
How fair and free the alphabet
Where nature holds her school!

Therein am I, with reverent soul,
From dawn's first golden hush stir
Till the moon shows its aureole,
Student and worshiper!

—Clinton Scollard.

YOUNG MOTHERS

is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.
